

Ideal Economic Solution by Self Assembly, Size Extendable by

Addition of Panels utmosts the usage in Lab, Pharmacy and research centers.

Key Features

- ▶ Chamber Size 40 L
- ▶ Peltier Cooling
- ▶ -5 to 60°C Control Options
- ▶ Controlling By 1°C Up or Down
- ▶ Power Saving
- ▶ CFC Free
- ▶ Easy to Install & Carry (user's manual)
- ▶ Storing medications, Lab items
- ▶ ON-screen Monitoring
- ▶ Economic by self assembly

Product Specification

Product Size	505X430X430 mm
Product Weight	8kg appx.
Inside Volume	40L
Temperature Setting Range	-5 to 60°C (by 1°C up/down setting)
Operating Temperature	25°C
Operating Voltage	230V AC
Power Supply	12V DC, Battery Charger & Li-Ion Battery
Power Cable Length	Appx 2m
Temperature Monitoring	ON-Screen Display
Power Consumption	60W Max
Cooling/Heating Method	Peltier Technology
